

America's Favorite Garage Doors®

Premium Series

4050 4051 4053

UNSURPASSED BEAUTY INSIDE AND OUT

Your garage door can account for over 40% of your home's curb appeal. Shouldn't it be as beautiful as the rest of your home?

Model 4051 Flush Panel Woodgrain Design

- Available in three beautifully detailed panel styles; short Elegant (Model 4050), long Elegant (Model 4053) and Flush (Model 4051) designs with a natural woodgrain door texture to complement your home's design.
- Available in six finished painted exterior colors or you can paint your door to match your home's trim.
- The door's flush steel interior has an attractive stucco texture and is finished painted white for a clean appearance. Steel end stiles are finished painted white to complement the door's interior.
- Galvanized torsion springs have shiny, polished appearance.
- Many beautiful window options are available to complement your home and to provide an upscale appeal. (see back cover)

PANEL COLORS

PANEL STYLES

In the interest of better quality and value, we are continually improving and updating our products. Consequently, photos and illustrations may sometimes differ from present models.

DURABLE CONSTRUCTION; RELIABLE OPERATION

- 1 13/8" thick expanded polystyrene insulation bonded to exterior and interior steel skins helps make these doors extremely strong while providing an R-Value of 6.5 for energy-efficiency and comfort.
- 2 Patented Safe-T-Bracket® cannot, under normal circumstances, be removed while door is under tension.
- 3 Aluminum bottom weatherseal retainer system is the highest-quality rust-proof design to effectively seal out the elements.
- 4 Weather-tight tongue and groove joint helps seal out wind, rain and snow.
- 5 Galvanized steel hinges are durable, reliable and secure.
- 6 Top quality nylon rollers provide durability and quiet operation.

- 7 White finish painted galvanized end stiles for finished interior.
- 8 Step plates, inside and outside, make door easy and safe to close.
- 9 Four spring options available: Galvanized torsion, EZ-SET® torsion springs (galvanized), extension springs with containment cables, and EZ-SET® extension springs.
- 10 WINDCODE®: Doors available to meet all regional wind load requirements. Consult your local dealer for specific information.
- 11 Door sizes: Custom heights and widths available. Consult your local dealer for specific information.

Illustration is for component location purposes only. Actual product has pilot holes on end stiles.

Galvanized Torsion Spring

Corrosion-resistant, long-lasting galvanized torsion springs offer up to a 50% longer cycle life than industry standard springs.

Due to some height and weight restrictions, not all product offerings include galvanized torsion spring.

Step Plate/Lift Handle

Color matched exterior step plate/grip handles are durable, attractive and allow for safe opening and closing of your door.

Unsurpassed Rust Resistant Surface

Steel skins are protected through a tough, layered coating system, including a layer of hot-dipped galvanizing, a protective metal oxide pretreatment, and a baked-on primer and topcoat.
