ADD ONE OF OUR MANY WINDOW OPTIONS FOR THAT CUSTOM TOUCH

Classic or decorative, Clopay has a window option to complement your home. You can choose from classic windows in single pane glass, acrylic or obscure glass for extra privacy. Or you can customize your garage door by adding windows from our Designer Collection or Decorative Insert Classic Collection.

Designer Collection

Designer Collection Windows are made of double strength glass or tough acrylic for durability. Brilliance™ Series Windows create the illusion of real beveled glass utilizing new optical technology applied to double strength glass. Acrylic windows are available in the Studio Series with platinum-look caming and in the Leaded-Look Series with brass-look caming.

Studio Series Windows

Art Deco I

Art Deco II

Art Deco I & II can be mixed and matched to create a custom look. See your Clopay Dealer for details.

ATTRACTIVE AND ECONOMICAL

Your garage door can account for over 40% of your home's curb appeal. Shouldn't it be as beautiful as the rest of your home?

- Available in three panel styles: short Traditional (Model 73), long Traditional (Model 76), and Ribbed (Model 70B) designs.
- Models 73 and 76 exterior steel have a natural woodgrain texture. Model 70B has a smooth surface.
- Models 73 and 76 available in four finished painted colors and Model 70B available in two colors. All doors can be painted to match your home's trim.
- Many window options are available to complement your home and to provide an upscale appeal. (see back cover)

In the interest of better quality and value, we are continually improving and updating our products. Consequently, photos and illustrations may sometimes differ from present models.

DURABLE CONSTRUCTION; RELIABLE OPERATION

- 1 25-gauge steel construction helps assure durability and security.
- 2 Patented Safe-T-Bracket® cannot, under normal circumstances, be removed while door is under tension.
- 3 Aluminum bottom weatherseal retainer system is the highest-quality rustproof design to help seal out the elements.
- 4 Galvanized steel hinges are durable, reliable and secure.
- 5 Top quality nylon rollers provide durability and quiet operation.

- 6 Step plates, inside and outside, and lift handles make door easy and safe to open and close.
- Four spring options available: Galvanized torsion, EZ-Set™ torsion springs (galvanized), extension springs with containment cables, and EZ-Set™ extension springs.
- WindCode®: Doors and impact-resistant windows available to meet most regional wind load requirements.
- Door sizes: Custom heights and widths available. Consult your local dealer for specific information.

Illustration for Models 73 and 76 is for component location purposes only.

Model 70B Ribbed Steel Door

Corrosion-resistant, heavy-duty 25-gauge construction assures durability and security while providing a ribbed design.

Galvanized Torsion Spring

Corrosion-resistant, long-lasting galvanized torsion springs offer up to a 50% longer cycle life than industry standard springs.

Due to some height and weight restrictions, not all product offerings include galvanized spring.

Step Plate/Lift Handle

Color matched exterior step plate/grip handles are durable, attractive and allow for safe opening and closing of your door.

Unsurpassed Rust-Resistant Surface

Steel skins are protected through a tough, layered coating system, including a layer of hot-dipped galvanizing, a protective metal oxide pretreatment, and a baked-on primer and top coat.
