Grand Harbor™ Collection Doors enhance the classic details of your home, making it a welcome addition to the neighborhood.

The Grand Harbor Collection combines classic charm with modern technology to provide a unique, low-maintenance door with clean lines and lots of style.

The carriage house look is created by adhering custom composite overlays to a 2" thick, 24 gauge base flush steel door with embossed woodgrain texture. The doors can be customized by selecting arched, square or rectangular windows, Clopay's Old World European style wrought iron window or the new "faux window," for added privacy and security. Decorative hardware is also included.

Well suited to homes with active families, the Grand Harbor Collection will add beauty to your home and your neighborhood.

Model GH2I, XA24 Faux Top Section, White Overlay, Spade Lift Handles and Step Plates. The doors have been painted by the consumer to match the home's exterior.

Design Configurations

Five carriage house door designs combined with three top section options complement any new home design.

Glazed Top Sections*

Glazed top sections in clear or obscure glass and snap-in grilles create square and rectangular designs. Wrought iron windows feature a black iron-look design on a "seeded" look acrylic that provides an Old World European style to complement light fixtures, entry doors and other decorative features.

*Glazed Top Sections (windows) NOT available in 15'0" and 15'6" width doors.
Note: All glazed top sections available up to WINDCODE® WI. Short glazed top sections, SQ22, Plain Short and Wrought Iron (WIS), available up to WINDCODE® W6. Contact your local dealer for door width restrictions.

Faux Top Sections

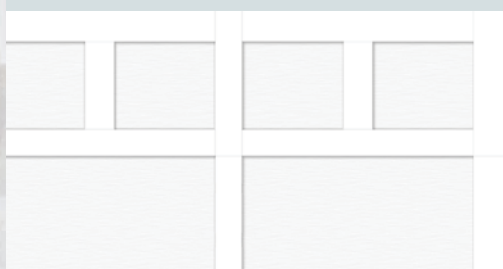

"Faux" top sections create the illusion of a window by using a solid dark gray steel background with arch, square and rectangular grille overlays. Provides added security while creating the appearance of a real window.

Strap Hinge

Durable Construction

- 24 gauge 2" steel frame construction with 1/2" composite overlay for long-lasting performance and durability.
- Optional 1 5/8" vinyl-backed insulation improves energy efficiency. 6.3 R-value.
- Galvanized torsion springs are attractive and longer lasting.
- Nylon rollers are durable and quiet.
- Rust-proof, aluminum bottom weatherseal retainer and vinyl astragal help seal out the elements.

Beauty and Design

- Two design series, five models.
- Glazed top sections in clear or obscure glass and snap-in grilles create square and rectangular designs. Optional faux windows and wrought iron windows.
- Decorative black powder coated spade design lift handles and step plate provide the finishing touch. Optional outside keyed lock and strap hinges maintain the authentic carriage house style designs.
- Three hot-dipped galvanized woodgrain textured steel base door colors: white, almond and sandtone.
- UV protected white composite square-edged overlay with smooth finish.
- Can be painted using a high-quality exterior latex paint. Base door and overlays can be painted dark colors with a Light Reflective Value (LRV) of 8 or higher. Contact paint manufacturer for LRV reading.

Non-Insulated
