Model 20SP Long Panel Design, 4/4 Configuration with Optional Cathedral Short Window Design

Clopay's Model 20 Series and Model 10 wood garage doors provide natural beauty with strength and durability. Model 20 Series is a heavy-duty door with wider stiles and rails than the standard-duty door Model 10. These doors are available in a large variety of panel combinations and window decorative inserts. With all these options, Clopay can provide you with a door that is both attractive and economical.

Model 10 Short Panel Design in 4/4 Configuration

Warm. Distinctive. Timeless.

Additional Features

Durability

High-grade, kiln-dried Hemlock frame provides extra strength and durability.

Security

Security locking available on every Model 20 Series and Model 10 garage door. All doors provided with gripping handles and step plates.

Care and Maintenance

Wood doors must be painted or stained before they are installed. The door finish must be inspected every year and repainted or stained as needed. See Clopay painting and staining instructions in the installation and maintenance manual or online at www.clopaydoor.com.

Garage door specifications are subject to change. Check with your Clopay Pro-Series Dealer for verification.

In the interest of better quality and value, we are continually improving and updating our products. Consequently, photos and illustrations may sometimes differ from present models.

For more information on these and other Clopay products, call 1-800-2CLOPAY (1-800-225-6729). Visit our website at <http://www.clopaydoor.com> for your nearest Clopay Pro-Series dealer.

CLASSIC™ LINE

of Wood Doors

Clopay's Model 20 Series and Model 10 are engineered for beautiful, long-lasting operation. Model 20 Series Finished Door Designs Door designs are referred to by number of panels across/number of sections down.

No. of panels	No. of sections	Solid Panel	Plain Windows	Horizon	Sherwood	Cathedral Short	Cathedral Long	Stockton Short	Stockton Long
2	4								
2	5								
4	4								
4	5								
6	4								
6	5								

The designer inserts are wood-carved on Model 20 Series windows.

Model 10 Finished Door Designs

No. of panels	No. of sections	Solid Panel	Plain Windows	Sunset	Cathedral Short
2	4				
2	5				
4	4				
4	5				
6	4				
6	5				

The decorative inserts are made of composite material on Model 10 windows.

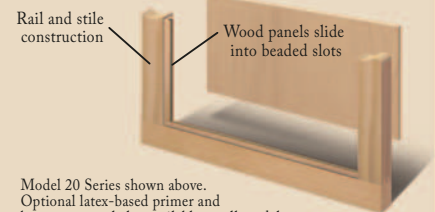

Sunset window design available widths: 8', 9', 16', 18'. 2-panel section on 8' and 9' wide doors, 4-panel on 16' and 18' wide doors. Available in 7' high doors only.

Cathedral window design available widths: 8', 9', 16', 18'. 4-panel section on 8' and 9' wide doors, 8-panel on 16' and 18' wide doors.

NOTE: 7' high single doors are illustrated. Design may appear different depending on the height and number of sections of the door. Refer to your Clopay dealer for additional panel and window configurations and line drawings.

Construction

- 20SS Smooth luan panel with solid Hemlock frame (stain grade)
- 20SP Smooth luan panel with finger jointed Hemlock frame (paint grade)

Model 20SP – Smooth luan panel with finger jointed Hemlock wood frame.

Model 10 – finger jointed Hemlock wood frame, hardboard panel.

wood dowels

shiplap joint

Wood framework with dowel pin construction provides strength and durability. Shiplap joint construction helps seal out wind, rain and snow; bottom rail can be trimmed to fit the contour of your garage floor.

Differences in grain and color are indicative of natural wood and should not be considered a product defect.
